

**Grading Rubric – Project 2 – “Idea”**

**Name(s):**

**Project Topic:**

<b>CATEGORY</b>	<b>Excellent - 2</b>	<b>Satisfactory - 1</b>	<b>Unsatisfactory - 0</b>	<b>Score</b>
<b>Written Summary: Idea Description</b>	Project idea is clearly described. Project idea is appropriately sized for a 1 or 2 person group.	Project idea is described in a shallow or cursory manner.	Project idea is not described in sufficient detail to understand, or project idea appears infeasible.	
<b>Written Summary: Application State</b>	Document clearly describes what application “state” (variables and their data type) is stored in the cloud.	Document describes application state in a shallow or cursory manner.	Application state is not described.	
<b>Written Summary: Mockup</b>	Document describes the design mockup and what each interface, page, or screen is used for.	Document describes design mockup in a shallow or cursory manner.	Design mockup is not described in the summary document.	
<b>Design Mockup</b>	Design mockup is provided that clearly demonstrates the proposed application. Mockup shows all key application interfaces, pages, and/or screens and has dummy data populated in fields. Mockup is preferably in HTML (if final product is a web application).	Design mockup provides an incomplete view of the proposed application, and is missing key interfaces, pages, or screens.	Design mockup is not provided.	
<b>Total Score (out of 8)</b>
