

Grading Rubric – Project 2 – “Idea” (10% of Project 2 Grade)

Name(s):

Project Topic:

CATEGORY	Excellent - 2	Satisfactory - 1	Unsatisfactory - 0	Score
Written Summary: User Actions	User actions or events are clearly and completely described. At least 6+ actions are provided, and these are the most significant and unique actions for your application.	User actions or events are described in a shallow or cursory manner.	User actions or events are not described in sufficient detail to understand.	
Written Summary: Data Operations	Document clearly describes the communication between local and cloud services (data uploaded/downloaded) and actions performed by the cloud services (such as searching for a matching record.)	Document describes cloud communication and cloud services in a shallow or cursory manner.	Data operations are not described.	
Design Mockup	Design mockup is provided that clearly demonstrates the proposed application. Mockup shows all key application interfaces and/or screens and has dummy data populated in fields.	Design mockup provides an incomplete view of the proposed application, and is missing key interfaces, pages, or screens.	Design mockup is not provided.
